Such flexibility makes it possible to work toward achieving a High School Diploma. Another semester or year of high school may be part of your plan to do this.

- To qualify for a Certificate of High School Achievement, you successfully **complete a minimum of 1 academic Knowledge & Employability (K&E) -4 course** (English, Math, Science, or Social).
- A Certificate of High School Achievement can be earned in 2 - 4 years.
- Written consent is required to register in each K&E -4 course.
