TYPES OF PROGRAMS

➤ University Degree Programs

- Bachelor degree
 - typically 4 years
 - within a faculty, will declare a major, possibly a minor
 - opportunity for dual degrees
 - admission based on averages – ensure you are familiar with admission requirements
 - If you don't meet admission averages, some schools have university entrance options or general studies

➤ College/Technical Diploma and Certificate Program

- Program lengths differ, usually up to two years
- Many of these programs are first apply first admit
- Ex. Bow Valley, some SAIT programs
- May sometimes have waitlists
- Apprenticeships will have both workplace and classroom components

TYPES OF PROGRAMS

- **Continuing Education**

- Course lengths differ, typically no entrance requirements
- Not always for post-secondary credit but can be useful in building skills for future studies or employment
- > Personal Fitness Trainer, Strategic Planning ([MRU](#))
- > Event Technician, Graphic Design Certificate of Achievement ([SAIT](#))

CHOOSING A PROGRAM

This usually happens in one of 2 ways:

A) A student has a particular career or occupation in mind and finds a program to help meet that goal

B) A student knows the general area of study but may not be certain of career

BUT WHAT IF YOU ARE NOT SURE WHAT TO DO OR TO STUDY?

Choosing a Program

- **Explore Interests and Abilities**

--> **MyBluePrint** (<https://www.myblueprint.ca/cbe>)

- Use CBE username and password to login
- Complete Who am I surveys on learning styles, personality, interests, knowledge, and motivation
- Afterwards, you can search occupational and post-secondary matches based on your survey results

--> **ALIS Career Insite**

- Offer surveys and resources to support program and career planning

Before You Start

The ApplyAlberta system will allow you to create a profile with your personal information and academic history. This information is filled in automatically on your application(s) to Alberta post-secondary institutions.

You will need the following:

1. A **MyAlberta Digital ID**. You will be prompted to create a MyAlberta Digital ID if you do not already have one.
2. Your **Alberta Student Number (ASN)**. If you have applied to or attended a school or post-secondary institution in Alberta, you will already have an ASN. To find your ASN, you can use the [ASN Lookup](#) service. If you do not have an ASN, the ApplyAlberta system will assign one to you.
3. Names of **all high schools and post-secondary institutions you have attended or are currently attending**.
4. **High school courses and marks** (for currently enrolled Canadian students only).
5. A **credit card or other accepted method of payment will be necessary** to pay any application fees charged by the institution(s).

Applying

--> Most post-secondary applications open the **beginning of October**. Some have firm end dates (March 1st for University of Calgary; January 15th for the University of British Columbia).

--> Applying early is always encouraged as most post-secondary schools operate on a rolling admission policy; if the student does not receive an early offer of admission, their application will automatically roll over to next admission cycle.

--> Most post-secondary institutions allow students to **select 2 program choices**. Students will only be evaluated for their 2nd choice if they do not receive an offer for their 1st. If they receive an offer for their 2nd choice, they will continue to be evaluated for their 1st.

After Applying

- Check your email to ensure that receipt of application is received
- Ensure you read the email verification closely and confirm next steps
- Apply for entrance awards and scholarships
- Apply for residence, if applicable
- Mid-February- send an interim transcript if requested
- If offered conditional acceptance: accept offer, pay tuition deposit, and register for classes
- If attending university outside of Alberta, order final transcript to be sent via MyPass

Transcripts

- It is important to pay close attention to what the institution is asking regarding transcripts and course grade submissions as the process is not standardized. U of C will require course grade submission from Apply Alberta. U of A requires course grades are inputted into their Launch Pad Portal. MRU requires students to complete a self-reported grade form and predict the final grades they will receive in grade 12.
- University of Calgary and other Alberta-based institutions will automatically request transcripts for students who have attended high school in Alberta.
- Students who have applied to a post-secondary school outside of Alberta are required to have a MyPass account initiated to request final transcripts to be sent in July. The process for uploading an initial and interim transcript will vary by institution.
